EDUCATION

Samrat Ashok Rajkiya Engineering College Mirzapur

Bachelor of Technology in Information Technology

Mirzapur, Uttar Pradesh

Sep. 2023 – May 2027

EXPERIENCE

Uttar Pradesh Power Corporation Limited (UPPCL)

Full Stack Developer Intern

Lucknow, UP

June 2026 – July 2026

- Contributed to the development of the UPPCL Consolidated Billing System using React.js, Vite, Node.js, and MongoDB.
- Developed responsive frontend components and integrated REST APIs with backend services to implement end-to-end application functionality.
- Worked on CRUD operations, database management, testing, and debugging, gaining hands-on experience in full-stack web application development.

PROJECTS

Quester | *React.js, JavaScript, Node.js, Flask, Python, REST APIs*

- Built a full-stack travel planning platform that generates personalized journeys using multiple destinations, travel dates, preferences, and trip constraints.
- Implemented route optimization to analyze selected destinations and recommend an efficient travel sequence, minimizing unnecessary distance and travel time.
- Developed a personalized recommendation system that suggests attractions, activities, and places to visit based on user preferences and destination data.

UPPCL Consolidated Bill Reporting System | *React, Vite, Tailwind CSS, React Router, REST APIs*

- Developed the React + Vite frontend for a full-stack billing and reporting system using Tailwind CSS and React Router.
- Built role-based dashboards, data-entry workflows, report search/download interfaces, and reusable UI components.
- Integrated the frontend with Node.js/Express REST APIs, JWT authentication, and report-generation features.

Career OS | *Next.js, React, TypeScript, Prisma ORM, PostgreSQL*

- Built a full-stack career management platform that helps students plan, organize, and track academic and career goals through customizable study schedules and timetables.
- Developed productivity and progress-tracking features for managing subjects, study sessions, tasks, and learning milestones.
- Integrated competitive programming tracking for LeetCode and Codeforces to organize coding practice and monitor problem-solving progress.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, SQL, HTML/CSS

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, Flask, Tailwind CSS, React Router

Databases: MongoDB, PostgreSQL, Prisma ORM

Developer Tools: Git, GitHub, VS Code, Eclipse, Docker, Linux

Cloud & DevOps: Google Cloud Platform, Jenkins, Terraform
